-----  
Will South Africa's busiest border posts be upgraded?

Tabling his department's budget vote for the 2025/26 financial year in the National Assembly, the Minister of Home Affairs, Dr Leon Schreiber, reported significant progress on the multibillion-rand project to upgrade six of South Africa's busiest border posts.

Are South Africa's six busiest commercial land ports progressing well?

"I can report that the public-private partnership project to redesign and redevelop South Africa's six busiest commercial land ports is progressing well. This is set to be a catalytic flagship infrastructure project for our country.

How can we support the development and maintenance of Africa's transport infrastructure?

To support the development and maintenance of Africa's 'hard' transport infrastructure (such as roads, railways and ports) it is vital that the continent also develops its 'soft' infrastructure- the financial, regulatory and governance systems, frameworks, personnel and institutions to manage the transport systems to their full capacity.
