-----  
What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

Why should you choose Shield for your outdoor telecom enclosure?

This solution is also ideal for rapid deployment at the network edge. SHIELD offers a wide range of customization features for your outdoor telecom enclosures such as machining, special dimensions, custom colors, and additional protection for harsh environment.

What makes a good outdoor enclosure?

With inbuilt stainless steel filters for dustproofing, a quick and easy knock down assembly for easy assembly and rapid deployment, our range of outdoor enclosures are ideal. With stainless steel hinging, advanced air exhaustion whilst keeping protection, the 100mm base re-inforces its waterproofing technology.
