Why should you choose NEMA Telecom cabinets?

Dust and debris: Our products keep dust and foreign objects from interfering with your critical electrical systems, helping you avoid damage and interruptions. Moisture and corrosion: All of our NEMA telecom cabinets stop the rain, sleet, snow and ice from getting in, eliminating issues and losses caused by corrosion.

Why should you choose NEMA 3R telecom equipment cabinets?

Unauthorized access: These cabinets are durable and lockable for reliable protection against equipment theft, vandalism and access by unauthorized personnel. These products also offer unique advantages. Our NEMA 3R telecom equipment cabinets provide excellent protection from solid objects like dirt, clay and gravel.

Are NEMA 3R & NEMA 4X cabinets suitable for indoor/outdoor installation?

Our NEMA 3R and NEMA 4X indoor/outdoor telecom cabinets are suitable for installation in the toughest climates. Both models provide secure spaces you can use to protect your electrical equipment from a range of potential hazards, including:

Why should you use an outdoor telecom enclosure?

Therefore, using an outdoor telecom enclosure to house these components is vital for their protection. Today's best protection is a NEMA (National Electrical Manufacturers Association) rated telecom box. NEMA 3 or NEMA 4 rated boxes are best for inclement outdoor conditions.

Environment Monitoring System advances enable telecoms to meet real-time, scalable, and secure cabinet monitoring demands from single-point to network-wide.
