What is an IP54 server cabinet?

An IP54 server cabinet from Lehmann IT offers excellent protection for your IT equipment against all external influences. In our range, you will find a wide selection of different models - from a simple wall-mounted enclosure to complex industrial cabinets. What are the benefits of an IP54 server cabinet?

Why should you choose an IP54 enclosure?

Offer different sizes and shapes with many mounting ways Typically, IP54 enclosures offer protection for electronic or mechanical components. They also protect against voltage and moving parts, as well as against splashing water from any direction, thus ensuring the safety of people in contact with the enclosure.

How much protection does an IP54 server cabinet need?

For an IP54 server cabinet, a degree of protection of 4 provides good protection against splashing water. Since server cabinets are not submerged, this degree of protection is usually perfectly adequate. Splash water protection is particularly useful for industrial use. An IP54 server cabinet can be a perfectly sensible purchase for many sectors.

Are KDMFAB IP54 enclosures suitable for outdoor equipment?

In addition, our IP54 enclosures are dust and splash proof, making them suitable for a wide range of outdoor equipment. KDMFAB IP54 enclosures are suitable for a wide range of applications.
