The Segway Cube 1000 delivers 2,200W AC output, fast charging, and expandable power up to 5 kWh. Ideal for outdoor adventures and home backup. Order today.

We are the leading developer of community-scale battery energy storage systems (BESS) in the New York City metropolitan area.

We designed the Eos Cube to bring affordable and reliable energy storage to even the harshest, remotest locations. Suitable for commercial, industrial, and utility-scale projects, both behind- ...

EXP480K2-FER is a power cube especially designed for high power EV DC chargers by Infypower. The huge power cube fully supports max 3 charging dispensers and 6 charging ...

Experience the complete Canadian Solar EP Cube system -- a modular, all-in-one home energy storage solution. From the EP Cube Energy Storage System and Battery Base to the Smart ...

Discover the EP Cube solar battery, your reliable backup power source. Get an online estimate today and ensure energy independence!

By storing surplus energy, energy storage cubes allow renewable energy systems to provide a consistent and reliable power supply, contributing to grid stability and reducing ...

Modular battery system, Easy to install and transport Capacity options from 9.9kWh to 19.9kWh per EP Cube unit, and up to 119.9kWh for full system Multiple energy storage modes ...

The Segway Cube 1000 delivers 2,200W AC output, fast charging, and expandable power up to 5 kWh. Ideal for outdoor ...

Innovation in the flow Experience the power of redox flow technology. Based on the vanadium redox flow technology, the CellCube allows for a clean, emission-free and fast energy supply ...

Additionally, it features cost-saving capabilities through efficient solar energy conversion and smart grid electricity storage, ensuring power backup and ...

When your solar system generates more energy than your household needs, You can store excess solar power at full value in the EP Cube. At the same time, the EP Cube can also ...

EP Cube detects outages and always stays prepared, providing your entire home with power backup. Meaning your electrical appliances will still run normally even if the grid goes down.

EP Cube delivers reliable power, advanced monitoring, and an adaptable design--all backed by cutting-edge safety features. Experience peace of mind and lower energy costs with this next ...

* The Smart Gateway includes one pre-installed EP Cube extension port, up to six extension ports can be installed. ** The Smart Gateway includes two AC extend interfaces.

The EP Cube is a flexible and intelligent all-in-one home energy storage solution for new and existing solar installations. With unrivalled flexibility and intelligent software management, it is ...
