What does Eco Wave Energy say about the Portugal project?

Eco Wave Energy said about the so-titled Portugal Project: "We believe this will be the first commercial-scale wave energy project in the world and therefore, a significant step towards wave energy commercialization". Despite the scale, this isn't the company's first or largest project.

Who owns EW Portugal -wave energy solutions?

To remind, Eco Wave Power established a wholly owned subsidiary EW Portugal -Wave Energy Solutions in Portugal in September 2020 to commence official licensing procedures for its 20 MW wave energy project. Swedish-Israeli wave energy developer Eco Wave Power has launched its first MW-scale wave energy project in Porto, Portugal.

Will a 20MW wave power station be built?

The 20mW wave power station will be constructed and commissioned in several stages. A trial run of a 1mW station will prelude the creation of the remaining 19mW capacity of the station if seen as a success.

What is the world's largest wave power plant?

In January 2023, construction of the world's largest wave power plant began in Ordu, Turkey. In partnership with Ordu Enerji, the power plant is set to produce an ambitious 77mW and has an estimated cost of \$150m. In total, Eco Wave's project pipeline amounts to 404.7mW.
