What is a mobile solar light tower?

The mobile solar light tower is a portable lighting system integrating solar panels, LED lighting, intelligent control, 4G monitoring system, communication base station, and a hybrid battery storage of solar and grid electricity, suitable for various temporary or long-term lighting needs.

What types of solar mobile lighting trailers are available?

Depending on the function, we offer normal type (Standard), Automation type, trailer type and other type series. YGNE YST-7000LH Large solar mobile lighting trailer has a movable body, 1840W solar panel, 7-meter manual or automatic telescopic mast, 4\*150W high-brightness LED floodlights.

What is a mobile solar lighthouse?

The core of the mobile solar lighthouse lies in its efficient solar panel design. These carefully arranged solar panels can maximize the absorption of sunlight, convert light energy into electrical energy, and store it in the built-in battery.
