Does San Jos&#233; power have PG&E?

No. San Jos&#233; Power will only be responsible for new accounts in a select area of the city,providing both generation and delivery. PG&E will continue to be responsible for delivery for SJCE customers. How are San Jos&#233; Clean Energy and San Jos&#233; Power different? Both entities are run by the City's Energy Department.

How can San Jos&#233; power help solve a power outage?

Public utilities have a better track record for addressing power outages quickly because their operations are local. San Jos&#233; Power could also create innovative microgrids(or on-site renewable energy generation and storage sites) that help keep the lights on for important facilities like hospitals and emergency operation centers.

Does Archer have a high-volume battery pack manufacturing line?

Photo: Archer's recently completed high-volume battery pack manufacturing line in San Jose,CASANTA CLARA,CA,May 8,2024 - Archer Aviation Inc. (NYSE:ACHR),a leader in electric vertical takeoff and landing (eVTOL) aircraft,today announced it has completed the build out of its high-volume battery pack manufacturing line.

How does Archer automate the battery pack manufacturing process?

Archer has applied automation in key areas of the battery pack manufacturing process to improve quality,operator safety and data traceability. This includes cell test and load,adhesive dispensing,laser cleaning,laser welding and end of line testing.

Located in San Jose, California, the 50,000-square-foot manufacturing facility will be equipped to produce Antora"s modular thermal batteries, creating and supporting hundreds ...
