Who makes swemodule solar modules?

Solar Modules produced at SweModule by Renewable Sun Energy Sweden AB are designed for various markets and applications. High quality production, combined with strictest process control, ensure maximum lifespan and the highest performance. Next generation goes of grid. Read about the fully solar-panel driven Villa.

Where are solar modules made?

It's one of the most modern and automated module production facility in Europe Solar Modules produced at SweModule by Renewable Sun Energy Sweden AB are designed for various markets and applications. High quality production, combined with strictest process control, ensure maximum lifespan and the highest performance. Next generation goes of grid.

What is the solar market like in Sweden?

The market leans towards specialization, where companies such as SVEA Renewable Solar AB and Exeger Sweden AB focus on specific niches in solar technology. Despite the presence of larger conglomerates like Vattenfall AB, the market is fairly fragmented with numerous smaller companies contributing to its dynamics.

Hunter Corporation was founded 1996 in Sweden to develop and manufacture direct current (DC) cooled indoor and outdoor cabinets, ...

This article looks at the top 10 battery manufacturers in Sweden, from their early history to their main products and current activities.

Solar Modules produced at SweModule by Renewable Sun Energy Sweden AB are designed for various markets and applications. High quality production, combined with strictest process ...
