**Who makes power distribution cabinets?**

When it comes to developing, designing, and manufacturing power distribution cabinets, our team at DOHO is the leading supplier in the industry. We have over 10 years of experience helping clients with their cabinet power distribution needs, and our products are used in a variety of industries around the world.

**What is a distribution cabinet?**

The distribution cabinets are an essential part of the electrical distribution infrastructure. For instance, for the energy networks in buildings, for street lighting and charging systems for electric cars. The distribution system in our cabinets is based on a well thought-out, compact and modular design.

**Is Doho a good power distribution cabinet supplier?**

If you're looking for a power distribution cabinet supplier that can provide the perfect solution you need, then DOHO is the right choice. You can trust us to provide you with the best possible quality of power distribution cabinets at the most competitive prices. Our products are affordable, reliable, and easy to install.

**What are halyster distribution cabinets?**

We supply these in various designs, both in stainless steel and in plastic with an IP-2X- or Halyster distributor with various options. The distribution cabinets are an essential part of the electrical distribution infrastructure. For instance, for the energy networks in buildings, for street lighting and charging systems for electric cars.
