What is SP-XL low-voltage power distribution cabinet?

1 Product Overview SP-XL low-voltage power distribution cabinet is suitable for three-phase three-wire, three-phase four-wire, three-phase five-wire system of 400V and below, and is used for power lighting distribution. It has the characteristics of flexible power distribution scheme, convenient combination, strong combination and novel structure.

What is a Hubbell sectionalizing cabinet?

Hubbell's metal sectionalizing cabinets provide a low-cost, safe, aesthetically pleasing means of providing a sectionalizing and tap point for underground distribution systems. Available in sizes for use on single and three-phase systems rated 200A or 600A, 15kV through 35kV. Top-hinge design for easy access to all electrical components.

Why should you choose Hubbell cabinets & secondary pedestals?

Convenient. Hubbell's Sectionalizing Cabinets and Secondary Pedestals are not only strong, durable and easy to install, they also emphasize security and convenience. Made from fiberglass, metals, or plastics, they are designed to meet the most rigorous industry standards. A Cobra Lock™ option can be added for further maximized protection.
