---

The new releases include a 6.25 MWh Lithium-ion battery energy storage system (BESS), a Sodium-ion Battery designed for utility-scale storage, and an installation-free home ...

Toyota Motor Corporation (Toyota) announced that it has joined "TOKYO H2," a new project launched by the Tokyo Metropolitan Government on September 3 aiming to make ...

According to the Tokyo metropolitan government, this is the first time in Japan for hydrogen to be supplied to an entire area in the city. Hydrogen is converted to electricity by ...

Chinese energy storage specialist Hithium has used its annual Eco Day event to unveil a trio of innovative products: a 6.25MWh lithium-ion ...

Tomoe Shokai to develop and operate Tokyo's first green hydrogen station on city-owned land in Nishi-Shinjuku, scheduled to open in autumn 2026.

A sufficient number of hydrogen stations will be available by the second half of 2020s in accordance with the number of FCVs on the road (demand). To support the installation of ...

TENER achieves an impressive 6.25 MWh capacity in the TEU container, representing a 30% increase in energy density per unit area and a 20% reduction in the overall station footprint, ...

The Tokyo Metropolitan Government (TMG) and the Tokyo Environmental Public Service Corporation (TEPSC) are pleased to announce the opening of Tokyo Hydrogen ...

TENER achieves 6.25 MWh capacity in the standard 20-ft TEU container, representing a 30% increase in energy density per unit ...

Chinese energy storage specialist Hithium has used its annual Eco Day event to unveil a trio of innovative products: a 6.25MWh lithium-ion battery energy storage system ...

Hithium debuts at Smart Energy Week 2025, showcasing ?Power/?Block BESS and sodium-ion battery innovations while ...

Discover CATL's groundbreaking TENER energy storage system, ensuring zero degradation over five years with a 6.25MWh capacity, revolutionizing ...

Chinese energy storage specialist Hithium has used its annual Eco Day event to unveil a trio of innovative products: a 6.25MWh lithium-ion battery energy storage system (BESS), a ...

The ?Power 6.25MWh 2h/4h BESS EU Version is a customized solution by HiTHIUM, designed to meet Europe's increasing demand for long-duration energy storage. ...

According to the Tokyo metropolitan government, this is the first time in Japan for hydrogen to be supplied to an entire area in the city. ...

Hithium showcased its complete portfolio of energy storage solutions at The smarter E Europe and officially launched the ?Power 6.25MWh 2h/4h BESS EU Version--a ...
